

4D Training

Delegated Authority

Who would benefit?

This course is designed for those from underwriting, broking and claims disciplines who are involved with the operation and management of delegated authorities of all kinds.

Objective

On completion of the course delegates will understand:

- Who's who in the world of delegated authority
- Pros and Cons for all parties involved
- How the basic legal principles of insurance contracts apply to delegated authorities
- How the London market is regulated in relation to delegated authorities
- How claims are managed
- Best practice issues

Those who want more information on the approval of coverholders and detail of binder wordings should attend our one day course.
